Can You
Help your
Planet?

10 easy steps to help us make Eco Bricks

1. Get a Clean Bottle
2. Make sure its 2L
3. Get a poking stick.
4. Find some unrecyclable plastics
5. Make sure there clean and dry
6. Gather unrecyclable plastics til its full.
7. Minimum weight is 650g
8. When its full put the lid on the bottle on.
9. Write your name class and the date you signed up.
10. Do it all again.

Make sure
to write your
name
