Dear Parents and Carers

## Relationships and Sex Education Parent Consultation Feedback

The advertised Relationship and Sex Education (RSE) consultation for parents, staff and Governors closed earlier this term on 26<sup>th</sup> April, 2021. The purpose of the consultation was to gather feedback on our reviewed RSE policy and PSHE curriculum documentation to reflect the Department for Education's changes to RSE education.

I would like to thank all parents and carers who took the time to submit their responses. These were highly positive, recognizing the curriculum's age appropriateness, the balance and wide range of topics covered; most notably relationships and its preparation for all our children in today's modern, ever-changing world. Parents also identified the curriculum's empowering of all, to think and live respectful lives and make positive decisions in their relationships. In an era of ready access to the internet, where potentially inaccurate representations of relationships, body image and appearance can be seen, parents identified PSHE teaching as a significant vehicle for presenting images that respect self and others.

Full curriculum documents will be available on our school website for parent reference. Our new PSHE resources [Jigsaw PSHE](#) will be shared with parents during our proposed Curriculum Evening at the start of our new academic year.

In the meantime, you can find a number of resources regarding RSE and the new documentation [here](#) on our school website.

Yours faithfully

**Liz Mason**
