

# SNOWFALL

## **Girls**

- 1 It's lying around, no school and the snow is falling,  
All over the ground, I'm hearing a snowman calling,  
It's whiter than Tommy's teeth, that's really, really white,  
Hope Tommy will take me out tonight.

## **CHORUS (Girls and Boys – with harmony)**

*Snowfall, we love the snowfall,  
Everything looks different when it's white.  
Snowfall, we love the snowfall,  
Keeping all our troubles out of sight.*

## **Boys**

- 2 It's lying around, the snow's just right for sliding,  
All over the ground, Tommy's gonna get a hiding,  
Girls think he's a hero, but that's really not the case,  
He's gonna be sliding on his face!

## **CHORUS**

## **Girls**

- 3 It's lying around, just perfect to take a sleigh ride,  
All over the ground, I want Tommy right by my side,  
So brave and handsome and he dresses really cool,  
Those Stumbledorf boys just look like fools.

## **CHORUS**

## **Boys**

- 4 It's lying around, the snow's deep and crisp and even,  
All over the ground, new kid's got the town believing,  
He's getting on my nerves, the girls can't get enough,  
I'm thinking he doesn't look so tough!

## **CHORUS**

*Let's see if it freezes over night.*
